

QGIS Application - Bug report #10085

Last feature change is not saved in form mode

2014-04-17 05:15 AM - Julien Perrot

Status:	Closed	
Priority:	High	
Assignee:	Matthias Kuhn	
Category:	Attribute table	
Affected QGIS version:	2.2.0	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 18553
Description		
<p>When editing a layer through the attribute table, in "form mode" (I use drag and drop designed forms), the last feature I am editing is not saved when I push the save button or if I change editing status (the pen button). However it works when I first choose another feature before saving, or if I close the attribute table before saving.</p>
