| Description | | |
| <p>These are the steps to reproduce the error:</p> <p>1. Add "New Vector Layer..." with protocol GeoJSON (= OGRGeoJSON, set to EPSG:4326): Example: http://tools.wmflabs.org/wiwoism/osmjson/getGeoJSON.php?lang=de&#38;article=Hombrechtikon => GeoJSON is being displayed.</p> <p>2. Set to any different CRS, like opening "Project > Options" and enable "CRS transformation": => OGRGeoJSON layer isn't displayed anymore => and puts following error into protocol/log: "OGR³ Error 4: GeoJSON Driver doesn't support update".</p> | | |

The "<http://tools.wmflabs.org/wiwoism/osmjson/getGeoJSON.php?lang=de&article=Hombrechtikon>" URL no longer responds. Any way to reproduce this issue ?
