QGIS Application - Bug report #10155
Right to Left formating in Map Composer

2014-05-02 08:04 AM - Micha Silver

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Map Composer/Printing			
Affected QGIS version:	2.2.0	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	fixed/implemented	
Crashes QGIS or corrupts data:		**Copied to github as #:**	18612	

Description

When entering mixed Hebrew and English text with some punctuation characters in a text box, the order of the text gets switched.
Apparently the "bidi" algorithm is not applied.
Probably the same issue will occur with mixed Arabic/English text.

The attached image shows the problem.

In earlier versions (1.8), text box formatting of mixed language titles was perfect.

Thanks,
Micha

History

#1 - 2014-06-28 07:36 AM - Jürgen Fischer

- Target version changed from Version 2.2 to Future Release - Lower Priority

#2 - 2017-05-01 01:08 AM - Giovanni Manghi

- Easy fix? set to No

- Regression? set to No

#3 - 2018-05-13 09:00 PM - Harel Dan

- File rtl.png added

It appears to be fixed in 3.1

#4 - 2018-05-14 05:55 PM - Harrissou Santanna

- Resolution set to fixed/implemented

- Description updated

- Status changed from Open to Closed

Thanks for the feedback.
