Description

It would be nice to have a spinner for the Tolerance so I can set the desired tolerance with my mouse, Also I think the default 6 decimal precision is excessive so maybe having 0.00 and spinner work in 1 increments? like

0.00

1.00

2.00

3.00

Spinner added, but now it seems it only works with integers. Can't set 12.5 for example.
