<b>Description</b>		
<p>Hi !</p> <p>The "save as image" command from the mainwindow is great ! But what about a "copy as image" function ?</p> <p>That would be even greater for cross-software workflows, e.g when quickly fixing up a power point presentation. Plus it's probably not too hard to implement...</p> <p>Thanks a lot !</p> <p>Olivier</p>
