Description

Is it possible to make the path relative in the Photo type of the edit widget?

History

#1 - 2014-05-30 01:12 AM - Giovanni Manghi

- Subject changed from Photo type in Edit Widget to "Photo" type Edit Widget with relative path

#2 - 2015-08-27 04:08 AM - Gabriele Seri

Anyone can help us?

- File qgis_2.16_external_resource_widget_relpath.png added

In 2.16 there's now a new edit widget that can do this, it's the External Resource edit widget (picture attached).

That should work for your needs.
