

QGIS Application - Feature request #1059

For PostGIS layers save style files in the database

2008-05-05 09:08 AM - Redmine Admin

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	Vectors	
Pull Request or Patch supplied:		Resolution: fixed
Easy fix?:	No	Copied to github as #: 11119
Description		
It would be, I think, a good idea to have the option to store the style data in the database. I reckon the comment field/area would be a good place to store it because every table can have a comment and this would negate the need to add any special fields to the table.		

History

#1 - 2008-06-19 07:09 AM - Jürgen Fischer

- Resolution set to fixed
- Status changed from Open to Closed

the styles are now storable in the qgis.db
