

QGIS Application - Bug report #10648

New layer are not added to the selected group

2014-06-19 01:46 PM - Harrissou Santanna

Status:	Closed	
Priority:	Severe/Regression	
Assignee:		
Category:		
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 19047
Description		
<p>According to this discussion (#10384), the "Add new layers to selected or current group" option has been removed because it was supposed to be the default behaviour.</p> <p>But it is not the case. When you select a group and then add new layer, it is placed top of the group, not inside.</p> <p>Master Odd02ba</p>
