QGIS Application - Bug report #10977
Symbol colour palette does not display when trying to change colour

2014-07-29 07:04 PM - Cameron Senior

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:	GUI		
Affected QGIS version:	2.4.0	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:		**Resolution:**	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	19322

Description

When I try to change a colour the window does not display to let me select a different colour. I installed QGIS 2.4 standard installer but happens for any version from 1.8 upwards.

- Category set to GUI

of course this seems very likely a local issue. Can't you resize that dialog?

#2 - 2014-07-30 12:12 PM - Cameron Senior

No I can move dialog but not resize it

Problem Resolved - in QGIS I selected Settings - Customization and turned on every single check box. One of them solved the problem because it works perfectly now.
