Pull Request or Patch supplied:	No	Resolution: fixed/implemented
Easy fix?:	No	Copied to github as #: 19435
Description Hello all, Actually the offset distance from tool "Offse curve" is made by mouse dragging. It is possible to introduce this offset by the keyboard or by mouse dragging? The idea: 1 ° selection of the object 2 ° selection og the tool "Offset curve" 3 ° left click and drag -> offset by mouse dragging or right click -> box for the distance introduced by keyboard Desoled for my very bad english Thanks for your very good work!
