

QGIS Application - Bug report #11305

Adding an overview map to print composer crashes QGIS

2014-10-01 01:58 PM - Anita Graser

Status:	Closed	
Priority:	Severe/Regression	
Assignee:		
Category:	Map Composer/Printing	
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	Yes	Copied to github as #: 19601
Description		
<p>To reproduce just add two maps to a print composition. Try to turn the second one in to an overview map. QGIS crashes when trying to set the map frame to Map0.</p> <p>Tested with today's nightly OSGeo4W on Win7.</p>		

Associated revisions

Revision 6bb045bd - 2014-10-08 10:37 AM - Nyal Dawson

[composer] Ensure that QgsComposerMap::mapPolygon returns a closed polygon, fixes rare crash when using map overviews (fix #11305)

History

#1 - 2014-10-01 02:03 PM - Anita Graser

The crash does not seem to happen with every project, but I can always reproduce it by loading the alaska.shp from the QGIS sample data.

- Status changed from Open to Feedback

not confirmed in my win7 and master 675ba9a + tested on debian wheezy

#3 - 2014-10-02 10:22 AM - Anita Graser

not confirmed on win8 either ... strange, must be local then ... sorry for the noise!
