

QGIS Application - Bug report #11390

Attribute table in map composer : set column width to automatic is not large enough

2014-10-11 10:41 AM - Harrissou Santanna

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Map Composer/Printing	
Affected QGIS version:	master	Regression?: No
Operating System:	Windows	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: end of life
Crashes QGIS or corrupts data:	No	Copied to github as #: 19673
Description		
add an attribute table to a map composer Let the columns width set to automatic. It seems that it is not large enough to contain some values get a look to the joined file.

- Status changed from Open to Feedback

I can't reproduce this. Can you please attach a sample project/dataset which demonstrates this issue?

I also can't confirm (using your data on QGIS master).

#5 - 2014-10-11 01:53 PM - Harrissou Santanna

It still doesn't work here.  
I'm on windows 8, Master 32bits 34ccc81

#6 - 2014-10-12 01:19 PM - Nyll Dawson

Looks fine to me - under Windows 7 64 bit. It may be a Windows 8 issue - can you test on any other platforms? Also, can you please test with 2.4 and see if this is a regression?

#7 - 2014-10-13 03:23 AM - Harrissou Santanna

Same bug with 2.4 on Windows 8 (8.1 to be precise)  
But trying it on Mac OS X, it's ok with 2.4 (I don't have Master on Mac OS yet). But it also works on another PC with Win 7 64bits.  
It may be a Windows 8 issue, indeed (or a local one, even though I'm pretty sure I changed nothing). Can anyone else confirm, please?

#8 - 2014-10-31 05:55 AM - Jürgen Fischer

- Target version changed from Version 2.6 to Future Release - High Priority

#9 - 2015-12-27 05:07 AM - Giovanni Manghi

- OS version set to 8
- Status changed from Feedback to Open
- Operating System set to Windows

#10 - 2017-05-01 01:08 AM - Giovanni Manghi

- Regression? set to No
- Easy fix? set to No

#11 - 2019-03-09 04:09 PM - Giovanni Manghi

- Resolution set to end of life
- Status changed from Open to Closed

End of life notice: QGIS 2.18 LTR
