

QGIS Application - Bug report #1142

bogus add/remove field buttons descriptions in the "create new shapefile" dialog

2008-07-07 04:15 AM - Maciej Sieczka -

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	GUI	
Affected QGIS version:		Regression?: No
Operating System:	All	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 11202
Description		
In the dialog for creating a new shapefile, the buttons to add and remove a field have bogus pop-up descriptions - "Add values manually" and "Remove slected row" respectively. Those should be eg. "Add filed" and "Remove field".		

History

#1 - 2008-08-23 09:39 PM - gjm -

- Resolution set to fixed
- Status changed from Open to Closed

The existing tooltips make some sort of sense to me. However, I've changed the add one a little to make it clearer what it does (commit:cadc29d3 (SVN r9142))

#2 - 2008-08-25 09:57 AM - Maciej Sieczka -

- Resolution deleted (fixed)
- Status changed from Closed to Feedback

Replying to [comment:1 gjm]:

The existing tooltips make some sort of sense to me. However, I've changed the add one a little to make it clearer what it does (commit:cadc29d3 (SVN r9142))

The "Remove selected row" should be "Delete selected attribute" then. The tool is not for removing rows from the dialog - it's for dropping a field in the data table.

- Resolution set to fixed
- Status changed from Feedback to Closed

Fair enough. I've changed it to 'Delete selected attribute' (in commit:329218a6 (SVN r9172))
