

## QGIS Application - Bug report #1144

### "New features" doesn't always mean Polish "Nowe obiekty"

<b>Description</b>		
<p>The "New features" string in "Help &gt; About &gt; What's new" seems to be automatically translated into Polish "Nowe obiekty" which means "New objects" rather than "New features" and is wrong in this context. A correct translation would simply be "Nowości" here.</p>

I guess it was translated by Tomasz Paul or Andrzej Swiader. I changed it in the translation file, so it should be ok now.
