QGIS Application - Feature request #11582
Suggestion for Improvement. Change tracker label in plugins manager

2014-11-06 05:54 AM - Martin Jung

Easy fix?:	No	**Copied to github as #:**	19843

Description

Many people are fond to report bugs, however at least for my plugins they don't use the bug trackers that often. I believe it is because of unclear labeling. Many uses that are not familiar with coding don't know what a "tracker" or even a "bug" in the plugin-manager is.

Would it be possible to change that to something like "Report Errors" ?
