

QGIS Application - Bug report #11656

Inconsistent icons

2014-11-16 12:43 AM - Alexander Bruy

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	GUI	
Affected QGIS version:	2.6.0	Regression?: No
Operating System:	all	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: fixed/implemented
Crashes QGIS or corrupts data:	No	Copied to github as #: 19907
Description		
<p>We have inconsisten icons in different parts of QGIS UI:</p> <ol style="list-style-type: none">1. icons for "Add" action. For example in "Settings → Options → Map tools" for adding predefined scales used green plus sign, but in Browser dock used green square with white plus sign2. icon for "Remove" action. In vector layer properties it "Joins" tab used red minus sign, but in "Settings → Options → Map tools" for removing predefined scales used green minus sign <p>This icons also used in other places, e.g. project properties, style manager. I would be nice to use consistent icons everywhere.</p>		

History

#1 - 2014-11-16 01:37 AM - Paolo Cavallini

- Subject changed from *Inconsitent icons* to *Inconsistent icons*

#2 - 2017-05-01 01:07 AM - Giovanni Manghi

- Easy fix? set to No

- Regression? set to No

#3 - 2018-05-06 12:43 PM - Alexander Bruy

- Resolution set to fixed/implemented

- Status changed from Open to Closed

- Description updated

Seems addressed in 3.0
