Description

I think this is a bug, i tried to resize, to make the piechart smaller, it will not show even if i try everything, only for Constanta countie (i have attached the file)

Steps to replicate.
Load the SHP
Go to map scape 1:3,000,000
Activate a diagram, it can be a pie chart or anything else.
All the piecharts will be created, with the exception for the one associated with Constanta

If you zoom in , then it will show also for Constanta.
