

QGIS Application - Bug report #12118

Advanced digitizing toolbar not shown on first install

2015-02-03 07:35 AM - Denis Rouzaud

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	GUI	
Affected QGIS version:	2.8.2	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: end of life
Crashes QGIS or corrupts data:	No	Copied to github as #: 20312
Description		
<p>On a clean first install of QGIS, the "Advanced Digitizing Toolbar" is not shown although it is checked as so in the settings.</p> <p>To view this toolbar, one shall:</p> <ol style="list-style-type: none">1. configuration -> uncheck the toolbar2. Close/reopen QGIS3. configuration -> check the toolbar4. Close/reopen QGIS <p>It is quite unintuitive, and I'm not all users will achieve this path...</p>		

History

#1 - 2015-02-13 11:53 AM - Jürgen Fischer

- Subject changed from Advanced digitizng toolbar not shown on first install to Advanced digitizing toolbar not shown on first install

#2 - 2015-06-09 08:56 AM - Jürgen Fischer

- Status changed from Open to Feedback

AFAICT it's not initially checked (renamed UI/state to test) and when you check it appears.

#3 - 2015-06-09 09:01 AM - Paolo Cavallini

- Affected QGIS version changed from 2.6.0 to 2.8.2

- Target version changed from Future Release - High Priority to Future Release - Nice to have

- Priority changed from High to Normal

I agree that it should be checked by default. In fact, it should not even be called Advanced, as it includes pretty basic functions.

#4 - 2015-12-19 02:10 PM - Giovanni Manghi

- Status changed from Feedback to Open

#5 - 2017-05-01 01:07 AM - Giovanni Manghi

- Easy fix? set to No

- Regression? set to No

#6 - 2019-03-09 03:12 PM - Giovanni Manghi

- Resolution set to end of life

- *Status changed from Open to Closed*

End of life notice: QGIS 2.18 LTR
