QGIS Application - Feature request #1222
make "Search radius for vertex edits" configurable per layer

2008-08-20 06:02 AM - Maciej Sieczka -

Status:	Closed		
Priority:	Low		
Assignee:	nobody -		
Category:	Digitising		
Pull Request or Patch supplied:		**Resolution:**	fixed
Easy fix?:	No	**Copied to github as #:**	11282

Description

Currently one can only define "Snapping tolerance" per layer, which has effect only when adding new features. For moving/deleting existing vertices you can define the "Search radius" only globally - would be good to be able to define it per layer too.
