

QGIS Application - Bug report #1232

can't remove a custom CRS

2008-08-21 05:56 AM - Maciej Sieczka -

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	Projection Support	
Affected QGIS version:		Regression?: No
Operating System:	All	Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed
Crashes QGIS or corrupts data:		Copied to github as #: 11292
Description		
The button for removing an item in "Custom CRS" dialog is allways greyed-out. Also, all the buttons are missing tooltips.		

History

#1 - 2008-08-21 06:01 AM - Maciej Sieczka -

Update - ithe "remove" button is not always greyed-out, but only when entering the first custom CRS ever. If you enter and save more than 1 CRS in this first session, and switch between them - the remove button is never active.

After you quit the dialog and enter it again, the remove button becomes active, however removing an item doesn't have any effect.
