

QGIS Application - Bug report #12756

Plugin installer: box for repositories too high

2015-05-17 11:13 AM - Paolo Cavallini

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	GUI	
Affected QGIS version:	2.8.2	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 20855
Description		
<p>We currently have only one official repo, and it is unlikely than users will have more than two. The current box for repos is far too high for this, and in small screens it hides the useful buttons at the bottom.</p> <p>AFAICT the file to fix is python/pyplugin_installer/ui_qgsplugininstallerrepositorybase.py , in case it helps</p>
