QGIS Application - Bug report #13046
Grass tools button (GRASS plugin) does not work

2015-06-29 08:45 AM - andre mano

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	GRASS			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:	Windows 8	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	invalid	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	21120	

Description

After opening an existing mapset the 'open GRASS tools' button does not lead to the expected interface - nothing happens.
I had this issue while trying to open a mapset created with the GRASS plugin under QGIS 2.8. I also tried to create a new mapset from the version 2.10 but still the 'open GRASS tools'won't work.

- Resolution set to invalid

False alarm.

After a restart the issue was no longer there.
