

QGIS Application - Bug report #13139

DXF export: background rectangles for labels are not exported

2015-07-22 06:47 AM - Andreas Neumann

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	DXF export	
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:		Resolution: end of life
Crashes QGIS or corrupts data:		Copied to github as #: 21203
Description		
If one uses background rectangle, f.e. to label contour lines, these background rectangles are not exported in the resulting DXF file. Attached is a screenshot that shows the symbology in QGIS and Autocad with the exported DXF file. Also, there is a small demo project for testing. Thank you for having a look at the issue! Andreas		

History

#1 - 2015-07-22 06:49 AM - Andreas Neumann

- File *hltest.zip* added
- File *label_setting_background.png* added
- File *dxf_export_comparing_qgis_and_generated_dxf.png* added

#2 - 2015-07-30 03:07 PM - Giovanni Manghi

- Operating System deleted (all)

#3 - 2017-05-01 01:07 AM - Giovanni Manghi

- Regression? set to No
- Easy fix? set to No

#4 - 2017-09-08 01:35 PM - Jürgen Fischer

- Assignee deleted (Jürgen Fischer)

#5 - 2019-03-09 04:09 PM - Giovanni Manghi

- Resolution set to end of life
- Status changed from Open to Closed

End of life notice: QGIS 2.18 LTR
