Pull Request or Patch supplied:	Yes	**Resolution:**	fixed/implemented	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	21283	

Description

The "Create points along line" processing script had bad variable names and was producing errors when attempting to run. I submitted a pull request through Github. Please let me know if there's a better way to submit fixes. commit:94d3bdd
