

QGIS Application - Feature request #1340
hardcoded arrow marker

2008-10-08 03:27 AM - laemmel -

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:		
Pull Request or Patch supplied:		Resolution: fixed
Easy fix?:	No	Copied to github as #: 11400
Description		
<p>I wonder if you could add the attached patch. With this hardcoded arrow, it is possible to add 2 information items to one marker. First one could use the angle of the arrow to point towards a particular destination and second one could colorize the arrow with respect to some other information.</p> <p>Thanks a lot, Gregor</p>
