

QGIS Application - Feature request #13553

Ftools: Add histogram to basic statistics

2015-10-09 04:33 AM - Håvard Tveite

Status:	Closed	Resolution: Copied to github as #: 21595
Priority:	Normal	
Assignee:		
Category:	Processing/QGIS	
Pull Request or Patch supplied:	Yes	
Easy fix?:		
Description		
<p>In my opinion, a histogram would be a logical addition to the output of basic statistics. This is the place where many users would look first.</p> <p>I have implemented this in a pull request: https://github.com/qgis/QGIS/pull/2358</p> <p>In my implementation, it is possible to set the number of bins and the range (min. and max values). It is also possible to choose between a traditional histogram and a cumulative one. I have also added a splitter, so that the user can adjust the split between the statistics window and the histogram window.</p>		

History

#1 - 2016-03-25 07:25 AM - Alexander Bruy

- Status changed from Open to Closed

fTools was removed from QGIS.

#2 - 2017-05-01 01:21 AM - Giovanni Manghi

The "ftools" category is being removed from the tracker, changing the category of this ticket to "Processing/QGIS" to not leave the category orphaned.
