<b>Easy fix?:</b>	No	
<b>Description</b>		
<p>I would like to be able to control which layers that is shown in the grouplayer WMS GetLegendGraphic response.</p> <p>Example:</p> <p>grouplayer1 contains layer1, layer2 and layer3.</p> <p>REQUEST=GetMap&amp;LAYER=grouplayer1 should return a response containing layer1, layer2 and layer3.</p> <p>But I want REQUEST=GetLegendGraphic&amp;LAYER=grouplayer1 to return a response containing only layer1 and layer3, not layer2 (which only contains labels).</p>
