| Description | | |
| Hi! | | |
| Win 7 sp1 x64, qgis x64 commit:497191b | | |
| When I change values in "Options/Digitizing/Rubberband/Line color/" it doesn't affect on Node Tool - polygon features highlighted by Node Tool have the same semitransparent red background in spite of different values (color and opacity) in "Options/Digitizing/Rubberband/Line color/" | | |
