Crashes QGIS or corrupts data:		Copied to github as #: 22029
Description		
Hi!		
Win 7 sp1 x64, qgis x64 rev. 6a973d6		
When I change values in "Options/Digitizing/Rubberband/Line color&Fill color" it doesn't affect on Node Tool - polygon features highlighted by Node Tool have the same semitransparent red background in spite of different values (color and opacity) in "Options/Digitizing/Rubberband/Line color&Fill color"
