

QGIS Application - Feature request #14034

Circular string add option to add close circle

2015-12-24 03:41 PM - Antonio Locandro

Status:	Feedback	Resolution: Copied to github as #: 22047
Priority:	Normal	
Assignee:		
Category:	Unknown	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>Subject pretty clear, option to create a circle of given radius or define circle center and click to snap to another feature to finish circle, ideally would allow to have keyboard shortcuts like r to open radius dialog box, etc</p>

Checked in latest version and it works ok, now only if this option was also available for the circle option it would be great. Don't know how to close issues here sorry
