Description

With the multipage in Print Composer, it can be handy to have a "zoom to page" tool that quickly resizes the print composer view at a page extent.

History

I found commit:19d64998 and commit:020eb606 that let me think it has been present though wrongly named

#2 - 2016-01-07 01:52 PM - Nyall Dawson

That option zooms to the bounds of the content. Eg if you had items outside of the page, it will include those in the bounds calculation.
