

QGIS Application - Bug report #14074

Layer Style : list of group symbols doesn't update after "Open library" is used

2016-01-08 03:51 AM - Harrissou Santanna

Status:	Closed	
Priority:	Normal	
Assignee:	Mathieu Pellerin - nIRV	
Category:	Symbology	
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:		Resolution: fixed/implemented
Crashes QGIS or corrupts data:		Copied to github as #: 22084
Description		
<p>In the style manager, create a group and add symbols to it</p> <p>Open a layer properties > style and at the top level of the symbol tree, select the group in the "Symbols in group" drop-down.</p> <p>You should have only your group symbols displayed</p> <p>Now, click on 'Open Library' and close it</p> <p>Your group name is still shown in the drop down list but the symbols displayed are rather from "Groups" group.</p> <p>If you delete a group or add a new one, these changes are not applied to the list (though the deleted group appears empty) until you close the layer properties dialog.</p> <p>master ae2738e</p>		

History

#1 - 2016-11-22 12:18 AM - Mathieu Pellerin - nIRV

- Resolution set to fixed/implemented
- % Done changed from 0 to 100
- Target version set to Version 3.0
- Assignee set to Mathieu Pellerin - nIRV
- Status changed from Open to Closed

Fixed in commit 5e487cf.
