

QGIS Application - Bug report #1423

Change layer properties > General > Change CRS to Specify CRS

2008-11-24 02:22 AM - cfarmer -

<b>Status:</b>	Closed	
<b>Priority:</b>	Low	
<b>Assignee:</b>	nobody -	
<b>Category:</b>	Projection Support	
<b>Affected QGIS version:</b>		<b>Regression?:</b> No
<b>Operating System:</b>	All	<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b>		<b>Resolution:</b> fixed
<b>Crashes QGIS or corrupts data:</b>		<b>Copied to github as #:</b> 11483
<b>Description</b>		
<p>This is a quick ui change that changes the 'Change CRS' button text in layer properties &gt; General to 'Specify CRS'. You can take or leave this change ;- ) but after some consideration, it appears to be more descriptive and less confusion than 'Change CRS' which implies more changes than are actually going on.</p>		

History

#1 - 2009-07-01 10:45 AM - Giovanni Manghi

Seems reasonable to me. As matter of fact many new users do think that "change crs" means real reprojection.

#2 - 2009-07-01 12:29 PM - Jürgen Fischer

- Resolution set to fixed
- Status changed from Open to Closed

applied in commit:6b915bf9 (SVN r10998)
