Merge pull request #2798 from SebDieBln/Fix_cboRenderingOrder

[Bugfix] correctly check/uncheck 'Control feature rendering order' (fixes #14274)

History

#1 - 2016-02-16 02:01 PM - Sebastian Dietrich

- Status changed from Open to In Progress
- Assignee set to Sebastian Dietrich

#2 - 2016-02-16 02:02 PM - Sebastian Dietrich

This bug also has the effect of unchecking the *Control feature rendering order* option when opening the properties dialog for a layer that has an order defined.

#3 - 2016-02-16 02:21 PM - Sebastian Dietrich

- Pull Request or Patch supplied changed from No to Yes
- % Done changed from 0 to 100

See [PR 2798](#) for a solution.

#4 - 2016-02-16 04:45 PM - Harrissou Santanna

Thanks Sebastian

Note that I also reported the side effect (in #14293)

#5 - 2016-02-16 11:56 PM - Anonymous

- Status changed from *In Progress* to *Closed*

Fixed in changeset commit:"a44c89027f4695936485606c359949e9643f8f40".

#6 - 2016-02-17 12:25 AM - Sebastian Dietrich

I marked #14293 as a duplicate of this and closed it.

#7 - 2016-02-17 12:28 AM - Sebastian Dietrich

What do you think of the automatic checkbox in general?

- Check the box
- Define an order
- Uncheck the box
- Apply and close the dialog
- Re-open the dialog
- -> The box is automatically checked again, without user interaction!

Should it be a bug by itself?

#8 - 2016-02-17 01:07 AM - Harrissou Santanna

I'm not sure it should check automatically (according to "is there an expression set?"). If I uncheck the box, it means that I don't want to use the expression, it shouldn't get checked next time I open the dialog.

You may test an expression order and then decide to deactivate it (but want to keep the written expression, may be for further purpose). It should behave as any other checkbox (eg, labelling)

#9 - 2016-02-17 12:44 PM - Sebastian Dietrich

I see we think into the same direction here and I openend #14323 for this issue.
