

QGIS Application - Feature request #14614
diagrams: missing unit types for line width

2016-04-04 08:09 PM - Mathieu Pellerin - nIRV

Status:	Closed	Resolution: Copied to github as #: 22580
Priority:	Normal	
Assignee:		
Category:	Diagrams	
Pull Request or Patch supplied:	Yes	
Easy fix?:	No	
Description		
<p>ATM, diagrams use a single unit type setting to set the unit type for the diagram size and diagram line (i.e. outline). This is problematic, as you often do <i>not</i> want a map unit outline size.</p> <p>Also, I noticed the diagrams don't make use of the unit type widget, would be nice to upgrade to that.</p>
