- Priority changed from Normal to Low

#2 - 2017-05-01 01:05 AM - Giovanni Manghi

- Easy fix? set to No

- Regression? set to No

#3 - 2018-09-28 12:26 AM - Nathan Woodrow

- Description updated

This is a tricky one and not easy to solve at the moment as we don't know what has changed on each widget. Each widget will need to have a dirty flag so we can know.

One possible option might be to diff against the last entry and see if something has changed if that is easy to do and doesn't break anything I can look into that method.
