QGIS Application - Feature request #14959
Table names should be displayed in first words of caption

2016-06-05 07:55 AM - Patrick Dunford

Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	22908

Description

When you open a data table the caption displayed is "Attribute Table - <name> :: Features ..."

When you have lots of tables open the taskbar or panel buttons all display "Attribute table" and they all look the same.

It should be possible for <name> to be the first word(s) of the caption so it can be worked out which button is for which table without having to remember.
