

QGIS Application - Feature request #14962

Improve readability of processing log

2016-06-06 02:45 AM - Niccolo' Marchi

Status:	Closed	
Priority:	Normal	
Assignee:	Victor Olaya	
Category:	Processing/Core	
Pull Request or Patch supplied:		Resolution: fixed/implemented
Easy fix?:	No	Copied to github as #: 22911
Description		
<p>Similarly to the progress of completed steps in the modeler log (written in blue), it could added an expression that highlights in red words like 'ERROR', 'Missing', 'Warning','Failed', etc. in order to improve the readability of very long logs (i.e. modeler logs).</p> <p>Actually (2.14.3), running a model, if an intermediate step fails it is written in blue or grey and then easily 'confused' the log text.</p>		

History

#1 - 2017-05-01 12:46 AM - Giovanni Manghi

- Easy fix? set to No

#2 - 2017-06-29 08:55 AM - Nyal Dawson

- Resolution set to fixed/implemented
- Status changed from Open to Closed
- Description updated

Fixed in master
