QGIS Application - Bug report #14982
QJSON cmake files not provided in master source

2016-06-08 03:30 AM - Gavin Fleming

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Unknown			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:	ubuntu	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**		
Crashes QGIS or corrupts data:		**Copied to github as #:**	22931	

Description

In trying to configure the latest master I get:

    CMake Warning at CMakeLists.txt:316 (FIND_PACKAGE):

    By not providing "FindQJSON.cmake" in CMAKE_MODULE_PATH this project has

    asked CMake to find a package configuration file provided by "QJSON", but

    CMake did not find one.

    Could not find a package configuration file provided by "QJSON" with any of

      the following names:

    QJSONConfig.cmake

       qjson-config.cmake

    Add the installation prefix of "QJSON" to CMAKE_PREFIX_PATH or set

      "QJSON_DIR" to a directory containing one of the above files. If "QJSON"

      provides a separate development package or SDK, be sure it has been

      installed.

Associated revisions

Revision a033e81a - 2016-06-09 12:50 AM - Jürgen Fischer

add qjson to INSTALL (fixes #14982)

History

#1 - 2016-06-08 04:26 AM - Jürgen Fischer

install libqjson-dev

#2 - 2016-06-08 05:49 AM - Gavin Fleming

thanks Jurgen, please add that to the apt-get install lists in http://htmlpreview.github.io/?https://raw.github.com/qgis/QGIS/master/doc/INSTALL.html

#3 - 2016-06-08 03:51 PM - Jürgen Fischer

- Status changed from Open to Closed

Fixed in changeset commit:"a033e81addde539b361e4c66bc49fa4ff0131273".
