QGIS Application - Bug report #15003
Map Styling Dock

2016-06-11 03:52 PM - Randal Hale

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Symbology			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:	Linux	**Easy fix?:**	No	
Pull Request or Patch supplied:	No	**Resolution:**	fixed/implemented	
Crashes QGIS or corrupts data:	Yes	**Copied to github as #:**	22950	

Description

I can crash QGIS Master (d1cac84) by doing the following.

Add a layer.

Open Map Styling Doc.

Click the Left side icons from top to bottom.

Start at the bottom and click back to the top.

QGIS Should crash when you leave the labeling portion of the Dock.

I haven't tested this on windows yet. It crashes with any data type.
