QGIS Application - Bug report #15104
DB Manager: load only sample of attribute table records

2016-06-22 12:48 AM - Giovanni Manghi

Status:	Closed		
Priority:	Normal		
Assignee:			
Category:	DB Manager		
Affected QGIS version:	master	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	end of life
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	23046

Description

As for geometries the attribute table view in DB manager is only useful as a preview (the user cannot really do anything with the records and its content) so why loading thousand, tens of thousands, million of records? It potentially takes ages, just for a preview.

better loading just a sample (a few hundreds?).
