QGIS Application - Bug report #15130
Marker color does not translate to Vector Field Marker symbol layer

2016-06-25 06:25 AM - Anita Graser

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Symbology			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**		
Crashes QGIS or corrupts data:		**Copied to github as #:**	23070	

Description

Changing the marker color on the symbol level does not affect the color of Vector Field marker symbol layers.

This means that these symbols are useless in e.g. categorized or graduated styles, since the color is not changing correctly.
