

QGIS Application - Feature request #15169

Add Toggle selected / checkmarked layers buttons in Layers Panel

2016-06-28 10:41 PM - Dan Jacobson

Status:	Open	Resolution: Copied to github as #: 23108
Priority:	Normal	
Assignee:		
Category:	GUI	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
<p>In layers panel, we may have checkedmarked many layers. But lets say we want to delete the uncheckmarked ones. Well, without a toggle checkmarked layers button, that is impossible. Also a way to make checkmarked layers become blue (selected) layers first too!</p>

Also maybe 'Show selected layers" should be called "Show checked layers" to distinguish it from CTRL+click multiple blue layers.
