

QGIS Application - Feature request #15180

Customize the "Advanced Digitizing" icons for line and point layers

2016-06-30 12:53 AM - Harrissou Santanna

Status:	Open	Resolution: Copied to github as #: 23119
Priority:	Normal	
Assignee:		
Category:	GUI	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
It could be nice to have the icons in the "Advanced Digitizing" toolbar adapted to line and point geometry layer as done for the "Digitizing" toolbar.
