Assignee:	Giovanni Manghi			
Category:	Processing/GRASS			
Pull Request or Patch supplied:	No		**Resolution:**	fixed/implemented
Easy fix?:	Yes		**Copied to github as #:**	23217

Description

new description:

v.voronoi.skeleton.txt

is available on master but not 2.18

old description:

v.voronoi provide an useful option
The [-s] extract skeleton for input areas.
This procedure is useful and avoid passing through raster in order to obtain the skeleton of a polygon feature.

Please add such option to the v.voronoi in processing

Thanks
