

QGIS Application - Feature request #15329

Node tool square color

2016-07-22 04:33 AM - Sergio Gollino

Status:	Open	Resolution: Copied to github as #: 23261
Priority:	Normal	
Assignee:		
Category:	Digitising	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>It could be great if it was possible to change the color of the square rapresenting the vertex when you select the feature with the nood tool.</p> <p>Something like the possibility to change the rubberband color.</p> <p>Working with a style like a red line makes the squares difficult to see.</p> <p>Thank you!</p>
