QGIS Application - Bug report #15415
Formatting fonts in Annotations

2016-08-10 04:53 AM - Saber Razmjooei

Status:	Closed			
Priority:	Severe/Regression			
Assignee:				
Category:	Map Canvas			
Affected QGIS version:	2.14.5	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**		
Crashes QGIS or corrupts data:		**Copied to github as #:**	23343	

Description

It is not possible to change the font size and color in the annotations. It always remains black with a fixed size.

Not sure Map Canvas is the right category.

History

#1 - 2016-08-10 05:27 AM - Saber Razmjooei

- Status changed from Open to Closed

It appears that the problem was located between the chair and keyboard.....

#2 - 2016-08-10 05:35 AM - Saber Razmjooei

Just for future reference, user needs to select the text to apply the format.
The logical behaviour should be, if there is no text selected, the formatting will be applied to all the text.

#3 - 2016-08-10 05:36 AM - Saber Razmjooei

- Subject changed from Formating fonts in Annotations to Formatting fonts in Annotations
