

## QGIS Application - Feature request #15523

### [Processing] GDAL advanced options in batch mode

2016-09-02 05:47 AM - stefano campus

<b>Status:</b>	Closed	
<b>Priority:</b>	Normal	
<b>Assignee:</b>	Victor Olaya	
<b>Category:</b>	Processing/GDAL	
<b>Pull Request or Patch supplied:</b>	No	<b>Resolution:</b> fixed/implemented
<b>Easy fix?:</b>	No	<b>Copied to github as #:</b> 23447
<b>Description</b>		
<p>all gdal modules have the possibility to add some advanced options. this possibility is allowed using the command, but it's not possible in batch mode.</p> <p>it would be a very useful possibility to add these advanced options also in batch mode windows especially dedicated to users that are not skilled for using gdal commands in shell mode</p>		

#### History

##### #1 - 2016-09-13 05:37 AM - Alexander Bruy

- Status changed from Open to Feedback

Are you talking about Processing or about GDALTools? In Processing all algorithm options available in batch mode.

##### #2 - 2017-01-24 03:28 AM - Alexander Bruy
