

QGIS Application - Feature request #1579

switching back to the prior view/extend is only possible one step

2009-03-19 03:23 AM - Marco Lechner

Status:	Closed	
Priority:	Low	
Assignee:	nobody -	
Category:	GUI	
Pull Request or Patch supplied:		Resolution: fixed
Easy fix?:	No	Copied to github as #: 11639
Description		
IMHO it would be very useful to have the "back to prior zoom"-button switching back to more of the foremer views7extends than just switching between the recent and the former zoomlevel. Of course a second button would be necessary to switch forward in the "zoom-history".
