

QGIS Application - Feature request #15941

Diagrams: Histogram - Set different colors (and width) for the base line and the bar border line

2016-12-06 03:21 AM - Harrissou Santanna

Status:	Open	Resolution: Copied to github as #: 23857
Priority:	Normal	
Assignee:		
Category:	Diagrams	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
It could be nice to be able to set different colors (and width) for the horizontal base line and the histogram bar outline. Having the same color for all is not always good looking. Or the user can set a color and wide size for the base line and nothing for the bar outline
